NIT-TRICHY OVERVIEW

The National Institute of Technology, Tiruchirappalli (NIT-T), formerly known as Regional Engineering College, Tiruchirappalli (REC-T) is one of the technical institutes started by the Government of India. REC-T was imparting quality education since its inception in 1964. In 2003, the institution has been granted 'Deemed to be University' status with the approval of UGC/AICTE. With a cream of engineering and management talent, encompassing exuberant students and inspiring faculty, integrated with State-of-the-art infrastructure facilities, NIT-T today has emerged as one of the premier institutions in the country.

ABOUT DOMS-NIT-TRICHY

The Department of Management Studies (DoMS), NIT-T since its inception in 1978 has been serving as a management hub for aspiring students and is being recognized as one of the best business schools in the country. The department has earned a remarkable reputation over the years through persistent commitment towards management education and innovation.

ABOUT HUMANITIES-NIT-TRICHY

The Department of Humanities, a research department, comprises English and Economics departments. The department of English offers communication courses to B.Tech., B.Arch., M.B.A and M.C.A and the Department of Economics offers Personality Development courses and Entrepreneurship Development courses to B.Tech and M.B.A. The exposure to soft skills and life skills has made our students place a good stead in successful placement and assured career growth.

Programme Theme

"I never teach my pupils, I only provide the conditions in which they can learn" - Albert Einstein

Soft Skills

Soft Skills like software are not directly visible; but their impact can be realized tangibly. Software enhances the performance and productivity of a system. Soft skills enhance the personality and human relations of an individual. This is one of the major reasons for the corporate sector, to lay emphasis on the acquisition of these skills by their personnel. Lack of these skill-set affect the confidence and output of the learners. Hence teachers need to be conversant with these skills to upgrade their learners.

Life Skills

Life Skills encapsulates the social, personal, intellectual and emotional skills, which aims at preparing learners for meaningful and successful living in today's globalized context. These 'Seed Skills' have become necessary pre-requisites in the holistic development of learners, as it exposes them to a range of knowledge, skills and values of life.

Course Content

The course aims at equipping teachers to be competent in facing the challenges of the dynamic learning environment, by providing an insight to soft skills for success and life skills for survival at the workplace. The participants can hone their abilities through interactive sessions and impart the skills to their students. The main focus of the course includes:

- | | |
