ABOUT NATIONAL INSTITUTE OF TECHNOLOGY

The National Institute of Technology (formerly known as Regional Engineering College) Tiruchirappalli was started as a joint and co-operative venture of the Government of India and the Government of Tamil Nadu in 1964 with a view to catering to the needs of man-power in technology for the country.

ABOUT THE DEPARTMENT

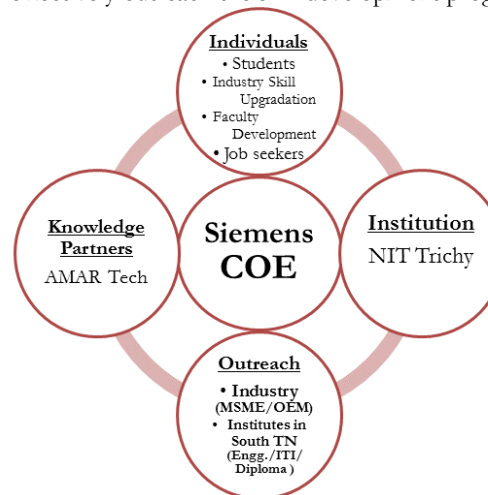

The Department of Production Engineering established in the year 1983, strives towards excellence in the field of manufacturing and industrial engineering. The vision of the department is to become a centre of excellence for learning, research and model manufacturing. The department offers B.Tech., M.S and Ph.D. programs.

ABOUT SIEMENS

Siemens India is a technology powerhouse that has stood for engineering excellence, innovation, quality and reliability. The history of Siemens in India dates back to 1867. Siemens has 21 manufacturing plants located across India, 8 Centers of Competence and 11 R&D Centers and a nation-wide sales and service network. Siemens has been supporting various education initiatives under its Global Fund for Technical Education to create a robust technical education eco-system through its experience in industrial products and services.

COURSE OBJECTIVE

Siemens and AMAR Tech is collaborating with NIT, Trichy to create a Siemens Centre of Excellence in Manufacturing for South Tamil Nadu @ NIT, Trichy aiming to link education system to industry through Industry Linked Learning Model. The objective of the workshop is to create attentiveness particularly among the Institutions and Industries located in south Tamil Nadu to effectively outreach the skill development program.
