As per OM F.No.19-2/2024-TS.III dated 08 May 2025, the Ministry of Education has sanctioned an additional 212 teaching positions to the Institute, with the approval of the Department of Expenditure, Ministry of Finance, Government of India. In this context, the Institute constituted a committee to determine the optimal allocation of these additional faculty positions across various departments.

The Committee adopted the "Course Credit \times Student Strength" model for faculty apportionment, taking into account factors such as the actual credits handled by each department, enrolled and sanctioned student strengths, and the number of programmes and courses offered. The analysis was based on statistical data from the academic years 2023–2024 and 2024–2025, with a proposal to maintain the existing distribution of subjects, including first-year B.Tech. courses.

The Committee also noted changes in credit requirements for UG and PG programmes over the years and made appropriate adjustments to the allocation. Specific provisions were recommended for departments offering B.Sc. B.Ed. (ITEP) courses and microcredit courses. Furthermore, the Committee recommended that the Professional Ethics course be managed by the respective departments, and accordingly, departments should assign an appropriate course code to indicate inclusion of this subject within their curriculum.

The Meeting concluded with thanks to the Chairperson.
