at

National Institute of Technology, Trichy(NITT)

From 15th October 2018 to 24th November 2018

by

Centre for Entrepreneurship Development and Incubation- National Institute of Technology (CEDI- NITT)

Training Details

CEDI NITT is organizing as Technology based Entrepreneurship Development Programme(TEDP) EAC) of 6 weeks duration, aims at training potential entrepreneurs of Science and Technology graduates and the diploma holders.

This Technology Based EDP primarily focuses on training and development need of S&T entrepreneurs in a specific technology area of **Information and Communication Technology & Electronics domain**. The participants are provided with hands-on training in indigenous technologies development with R&D institutions that are available for commercial exploitation.

In TEDP, 20-25 persons, having a degree/diploma in S&T are trained through a structured training programme of about 6 weeks duration. The TEDP provides class room training on motivational management areas besides actual hands-on training in the specific technology areas by technology experts.

Programme Objective

TEDP is a structured training programme of 6-weeks duration designed to motivate and develop entrepreneurs in specific products/technologies/processes developed by, R&D institutions, universities etc.

In TEDP :-

1. The entrepreneurs are exposed to technical knowledge about the products and technologies and are enabled to develop their skills at the lab of the technology provider.

2. The R&D lab having commercially viable technologies, get potential entrepreneurs as its "takers"; and

3. The entrepreneurship-training institute provides support in a specific discipline of product-technology to have better control over the course of the programme and its success.

The participants are selected through various tests and personal interviews to assess their potential of becoming a successful entrepreneur. During the training period, the participants also get to know the intricacies of how to start and manage an enterprise. At the end they are assisted in preparing a bankable project report.

Target Group: - Participants in the age group: 22 to 45 years, possessing degree/diploma in engineering/technology/science.

Domain:- Information Communication Technology & Electronics

Venue:- National Institute of Technology, Trichy

Dates:

Registration on or before :5th October 2018

Selection of Participants : 10th October 2018

Programme: From 15th October 2018 to 24th November 2018

Duration:-6 weeks
