Department of Chemical Engineering

Chemical Sparks: One-Day 3-Minute Research

Excellence Forum

1 Research Idea. 3 minutes. 5 slides.

8th April 2026

What is this event all about?

In an age of shrinking attention spans, clarity matters more than length. Can you capture the essence of your research in just three minutes? This globally recognized event challenges you to do exactly that—helping you refine your communication skills and elevate the visibility of your work.

Who Can Participate?

Open to undergraduate, graduate, master's, and PhD scholars with published research ready to showcase their work on a global platform.

Cash Prizes for

1st Place : Rs. 5000

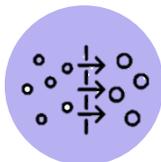

2nd Place : Rs. 3000

3rd Place : Rs. 2000

Themes

Wastewater Treatment & Resource Recovery

Membrane Technology Advances

Bioelectrochemical Systems

Nanotechnology for Energy Efficiency

Catalysis & Reaction Engineering

Fuel Cells & Sustainable Energy

Air Pollution Control & Sustainability

Algae-Based Treatment & Bioenergy

AI & Machine Learning in Modeling

Sustainable Development Goals (SDGs)

Registration Details

Important Dates

Abstract submission

Last Date :16 March 2026

Notification of Acceptance :23 March 2026

Registration Deadline :31 March 2026

Registration Fee: ₹ 500
