ABOUT THE INSTITUTE

The National Institute of Technology Tiruchirappalli, situated in the heart of Tamil Nadu was started as a joint and co-operative venture of the Government of India and the Government of Tamil Nadu in 1964 with a view to catering to the needs of man-power in technology for the country. NIT-Trichy is ranked *one* out of 31 NITs in the NIRF ranking for last few consecutive years. The institution offers UG Courses in ten branches and PG Courses in twenty-one disciplines of Science, Engineering & Technology besides M.S. (by Research) and Ph.D. in all the departments.

ABOUT THE DEPARTMENT

Department has a long history of providing PG in General Chemistry and Research Program in frontier areas of chemistry and acquires excellent facilities, sophisticated instruments and well equipped laboratories. The department has been affianced in imparting the highest level and quality of academic education and has focused upon addressing key scientific problems which have gathered national level appreciation.

CONFERENCE OBJECTIVES

The Primary aim of TFCS-2023 is to provide a robust platform for the researchers from academics, research institutions and industries to exchange / upgrade their ideas / views in different areas of Chemistry. The conference includes lectures, oral and poster presentations from renowned scientists, industry personal and students from various parts of country. Consequently, effective collaborations among participants are expected to achieve the broad scientific and socio-economic goals.
