

ABOUT NIT

National Institute of Technology (formerly known as Regional Engineering College) Tiruchirappalli is one among the premier Institutions of India and is well known for its high standards in teaching and research. It offers 10 undergraduate and 23 postgraduate programs in disciplines spanning Engineering, Science, Architecture and Management. It has been declared as an Institute of National Importance by the Government of India under NIT Act. According to the Ministry of Human Resources Development, NIRF 2020, NIT Trichy has been ranked as the 1st NIT among all the NITs and 9th among all the engineering institutes in India. The Institute has signed MoUs with various Educational Institutions and Industries both in India and abroad as well with an aim to promote collaborative research and consultancy.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering was established in the year 1983. The vision of the department is to produce Creators of Innovative Technology. The Department of Computer Science and Engineering with its cohesive team of faculty members, offers a sound program for B.Tech., M.Tech., M.S. and Ph.D. The curriculum is updated regularly to keep up with the growing demands and the changing trends of the software industry and research laboratories. Government of India has recognized this Department as a Centre for Quality Improvement Programme in PG and Ph.D. courses.

OBJECTIVE OF THE COURSE

Objective of this course is to disseminate the knowledge on Android-based app development and to enhance the employability skills among the youths of India.

RESOURCE PERSONS

The resource persons are from various esteemed industries, research institutions, educational institutions (like NITs, Central Universities, etc.), and faculties of NIT-Tiruchirappalli.

COURSE CONTENT

- Evolution of Android OS
- Android OS Architecture
- Security Features of Android
- Various Components of an App
- Storage Management
- User Experience Enhancement
- App Analysis Methods
- Reverse Engineering Tools (APKTOOL, DEX2JAR)
- Hands-on App Development Exercises
- Certification Exam

REGISTRATION

Registration Fee (including GST): Rs. 5,500/-

Registration Fee covers the registration kit, course materials, certificate, snacks, and working lunch.
