

NATIONAL INSTITUTE OF TECHNOLOGY TIRUCHIRAPPALLI (NITT)

The National Institute of Technology Tiruchirappalli (NIT-T) (formerly known as Regional Engineering College). Tiruchirappalli, situated in the heart of Tamil Nadu on the banks of river Cauvery, was started as a joint and cooperative venture of the Government of India and the Government of Tamil Nadu in 1964 with a view to catering the needs of man- power in technology for the country. The college has been conferred with autonomy in financial and administrative matters to achieve rapid development. Because of this rich experience, this institution was granted Deemed University Status with the approval of the UGC/AICTE and Govt. of India in 2003 and renamed as National Institute of Technology. National Institute of Technology Tiruchirappalli is one of the 31 National Institutes of Technology established by the Government of India. NIT-T is ranked top among 31 NITs in India and is presently occupying 9th position in NIRF ranking 2020, among all engineering education institutes in India. The Institute aims at benchmarking with global universities who are in the top 200 in world rankings in terms of teaching, innovation and research, funding and internationalization.

INDUSTRY 4.0 - AN OVERVIEW

The fourth industrial revolution or Industry 4.0 is the digital transformation for industries. The technology that aims on interconnectivity, automation, machine learning, and real-time monitoring among the machines and processes. This smart manufacturing is made possible with the help of advanced information and communication technology

SCOPE OF THE PROGRAMME

Cyber-physical systems, the Internet of things, cloud computing and cognitive computing are the 4.0 buzz words at present and may rule the world in future. Are we ready for the change in education sector and in what educational areas, Fourth Industrial Revolution or Industry 4.0 is going to show impact?

IMPORTANT TOPICS TO BE COVERED

- * Challenges in converting Industry 3.0 to 4.0
- * Industry 4.0 for Power Engineering
- * Creativity, Risk & Logical Reasoning
- * Data Analytics
- * Influence of Embedded systems
- * Applications and Case studies

WHO CAN ATTEND

Faculty members, Research Scholars, PG Students, Persons from Industries and Research Institutes (Applicable for all disciplines of Engineering). The entry is restricted to 30 participants and it will be on first come first serve basis. E Certificates will be issued to the registered participants upon successful completion of the programme.
