**July 24-July 28, 2023**

# ABOUT THE WORKSHOP

A five-day online workshop offering training in developing writing skills for research grant applications and publications in any discipline within the arts, humanities and social sciences. Experts from international & national will address the participants.

The workshop comprises

- thematic overviews delivered by experienced practitioners
- interactive sessions with practical exercises
- group discussion

## Who can participate?

The workshop is aimed at providing skill training to the following group of people who doesn't have enough exposure to academic writing and publishing:

- Young faculty
- Independent researchers / PDFs
- PhD Candidates
- Postgraduate students
- Junior research fellows/research assistants without a PhD

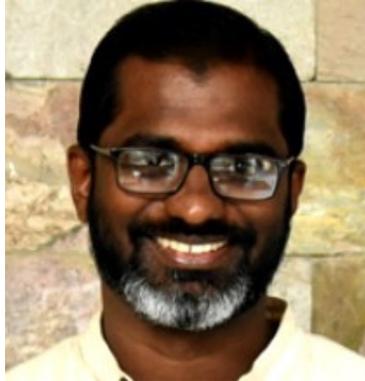

Participants will have opportunities to develop professional networks to further their publishing profile and academic career. The workshop addresses the following themes:

- *Publishing in indexed journals*
- *Book publication/thesis to monograph*
- *Impact and knowledge exchange in research*
- *Research grants/fellowships application*
- *Addressing diversity & inclusion in research documentation*
- *Using reference management software*
- *Ethical practices in research, using AI*
- *Conducting research using ethnography and its documentation*
- *Writing and responding to peer reviews in academic journals*
- *Drafting Book Proposals*

## How to Register?

- Registration opens on July 2 and ends on July 22, 2023
- Through a Google form (<https://forms.gle/E7xE1sijj2tKNXgW6>) with details for fee payment through SBI Collect: <https://www.onlinesbi.sbi/sbicollect/icollecthome.htm>

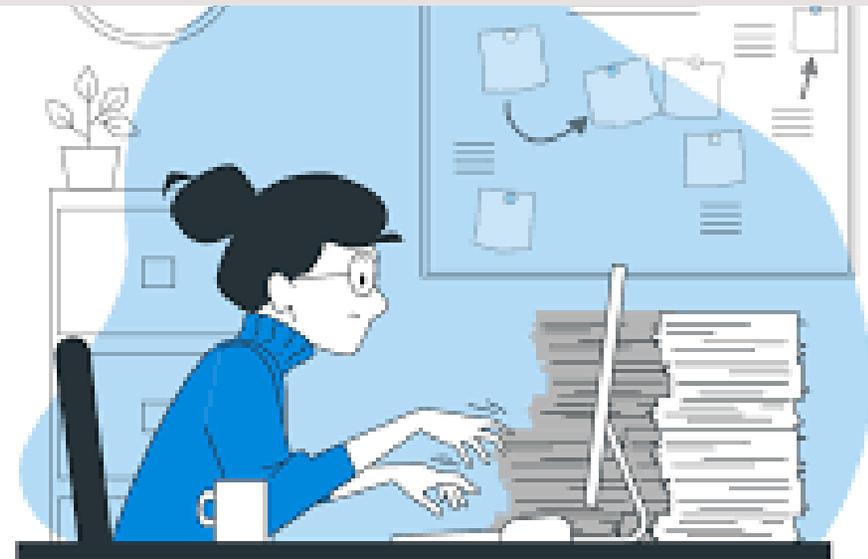

**Registration closes  
on 22nd July**

## Registration fee:

**590/-** (500+18%GST for Post Graduate students, and junior research fellows who are not PhD candidates)

**1180/-** (1000+18%GST for PhD research scholars/ PDFs/Independent Researchers)

**1770/-** (1500+18%GST Faculty of any category) E-Certificates will be provided to participants after the successful completion of the workshop

### **NIT Tiruchirappalli**

The National Institute of Technology Tiruchirappalli is one of the premier engineering institutions of India and it is well known for its high standards in teaching and research. It has been declared as an Institute of National Importance by the Government of India. NIT Tiruchirappalli retained its No. 1 position among all NITs in the “India Rankings 2023” released by NIRF. The Institute has signed MoUs with various Industries and Institutions both in India as well as abroad to promote collaborative research and consultancy.

### **DoHSS-NIT T**

The Department of Humanities and Social Sciences, since its inception in the year 2004, has been catering to independent interdisciplinary research and dynamic collaboration to meet the existing demands of industry, business, public and private organizations and academic services. Aligning with the vision of NEP 2020, the courses offered by the HSS bring critical thinking, analytical, and communication skills to students in order to apply that in their careers. The department has an MA course in English Language and Literature, apart from minors and elective courses for engineering and management.

### **IIST Thiruvananthapuram**

Indian Institute of Space Science and Technology (IIST), situated at Thiruvananthapuram in Kerala is Deemed to be University under Section 3 of the UGC Act 1956. IIST functions as an autonomous body under the Department of Space, Government of India. The idea of such an institute was mooted keeping in mind the need for high-quality manpower for the Indian Space Research Organization, one of the world’s leading scientific organizations engaged in space research and space applications. The institute is the first of its kind in the country, to offer high-quality education at the undergraduate, graduate, doctoral and post-doctoral levels in areas with a special focus to space sciences, space technology and space applications.

### **Dept. of Humanities-IIST**

The Department of Humanities firmly believes in developing interpersonal communication between teachers and students as well as creating an environment that will synergistically link scientific developments and thoughts to enhance the socio-economic, linguistic, managerial and humanistic development of the country. It aims to build communication and managerial skills and also develop an awareness regarding various issues concerning society thus bringing in an all-encompassing and holistic development of the students.

The workshop schedule will be communicated to the participants by the 23rd of July
