ABOUT THE INSTITUTE
National Institute of Technology, Tiruchirappalli is a deemed university under the control of Ministry of Human Resource Development, Government of India. It is located about 22 kms from Tiruchirappalli on the Thanjavur National Highway. The institution offers Under Graduate Courses in ten branches and Post Graduate Courses in twenty three disciplines of Science, Engineering & Technology besides Ph.D in all the Departments.

ABOUT THE DEPARTMENT
Instrumentation and Control Engineering and Chemical Engineering Departments are established for the last several years. The department currently offers a B.Tech. Program in Instrumentation and Control Engineering & Chemical Engineering and P.G Program in Process Control and Instrumentation, M.S. (By research) and Ph.D. Programme. The departments were accredited by N.B.A. We aim at producing talented instrumentation and control specialists who cater to the needs of the modern industries. We have highly modernized laboratory facilities for the academic and research activities. The faculty members are having sponsored research projects from DST, MHRD, United Kingdom India Education and Research Initiative (UKIERI), ISRO, ARDB etc. The departments have full fledged laboratories to carry out undergraduate, postgraduate and doctoral programmes in the field of Instrumentation and Control Engineering. The state-of-the-art facilities provided enable students to carry out research in the areas of MEMS, Smart Structures, Control of Electromechanical systems and Process Control.

Recently the Industrial automation lab was established recently for worth of Rs.50 Lakhs funded by DST, FIST and MHRD. The facility includes different process test rigs, PLC and DCS.

COURSE OBJECTIVES:
The objective of course is to impart in depth knowledge in control Engineering

COURSE COVERAGE
The topics proposed to be covered are as follows:
- Instrumentation for Process Industries
- System Identification
- Process Control-
  - PID Controller
  - Model Predictive Controller
- Case Studies
- Research Presentation
- Industrial visit

Course material:
The course material will be provided in CD format for the benefit of participants.
