Scope of the Conference

This virtual conference aims to bring researchers, academicians, and engineers to a single interactive platform. Through this conference, the participants from interdisciplinary fields can discuss their ideas, disseminate the latest research trends in new materials, processing, innovations, product design, and developments.

Topics include

Energy Harvesting and Storage Materials
Biomedical Materials and Applications
Smart Materials for Sensor/Actuator Applications
Functional and Hybrid Materials
Nanostructured Materials & Their Applications
Materials for Clean and Sustainable Technology
Coatings and Membranes
Crystal Growth and Crystallography
Dr. S. Kumar
University of Glasgow
United Kingdom

Dr. Hans-Uwe Dahms
Kaohsiung Medical University,
Taiwan

Dr. John V Kennedy
GNS Science, New Zealand

Dr. Evgeny V. Parfenov
USATU, Russia

Dr. S. Narayana Kalkura
Anna University, Chennai, India

Dr. D. Arivuoli
Anna University, Chennai, India

Dr. P. Murugavel
IIT Madras, Chennai, India
Faculty Members of The Department of Physics, NITT

Dr. N. Gopalakrishnan
Dr. J. Hemalatha
Dr. R. Arthur James
Dr. N. Meenakshi Sundaram
Dr. E. K. Girija
Dr. Elayaraja Kolanthai
ORGANISING TEAM

Dr. M. Ashok
Chairman

Dr. N. Ramesh Babu
Secretary

Dr. D. Sastikumar
Co-Chairman
Expected Contributors

Research scholars
Academicians
Research scientists
Practicing Engineers

Important Dates

Abstract submission deadline – Jan 31, 2021
Notification of acceptance – Feb 20, 2021
Fee Payment deadline – March 7, 2021
Paper submission deadline – March 7, 2021
Conference dates – March 11-13, 2021

Selected manuscript will be published in SCOPUS/SCIE Indexed Journals

Modes of Contribution

Online paper presentation
Online poster presentation
Participation without presentation

Registration Fee:
Rs.250 (Indian)/$10 (foreign)
