NIT Trichy
National Institute of Technology (formerly known as Regional Engineering College) Tiruchirappalli, situated in the heart of Tamil Nadu on the banks of river Cauvery, was started as a joint and co-operative venture of the Government of India and the Government of Tamil Nadu in 1964 with a view to catering to the needs of man-power in technology for the country. Attained Deemed University Status in the year 2003 and renamed as National Institute of Technology. The institution offers Under Graduate Courses in ten branches and Post Graduate Courses in twenty-one disciplines of Science, Engineering & Technology besides M.S. (by Research) and Ph.D. in all the departments.

Teaching and Learning Centre (TLC)
Teaching Learning is a continuous process being fostered by the evolution of new techniques/concepts to make teaching-learning enjoyable and productive for both teachers and students. The demand for creative teaching, diversified student population and globalization of education have made this a mandatory initiative. TLC is an initiative from TEQIP-II amongst other strategic transformation in the golden jubilee year of NITT.

FDP Objectives
To discuss on various instructional design and academic writing practices that are existing as well as tailored as per the needs of modern class room environment. Introducing teaching methods suitable for HOT skills learning. Hands on sessions will focus on participants applying instructional strategies for their course works.
