on

Embracing Online Teaching and Learning

03rd - 07th May 2021

(ONLINE MODE)

Organized by

National Institute of Technology

Tiruchirappalli

Sponsored by

AICTE Margdharshan Scheme

NIT TIRUCHIRAPPALLI - AT A GLANCE

The National Institute of Technology Tiruchirappalli (NITT, formerly known as Regional Engineering College – REC), was established in the year 1964. As an institute of National importance for higher education and innovation, its primary objective is to promote higher education, research and consultancy. NITT has established academic and knowledge focused associations with Universities, Institutions and Organizations around the world. In 2020, NITT has secured an overall rank of 9 among all engineering colleges and 1st rank among 31 NITs in the National Institutional Ranking Framework (NIRF) by Government of India.

AICTE – MARGDHARSHAN SCHEME

All India Council for Technical Education (AICTE) was established in 1945 by Government of India. The organization was set up as an Apex Advisory Body to conduct survey on facilities on technical education and to promote and develop technical education in the country. AICTE acts as the statutory authority for planning, formulation and maintenance of norms and standards, quality assurance through accreditation, funding in priority areas, monitoring and evaluation, maintaining parity of certification and awards, and ensuring coordinated and integrated development and management of technical education in the country.

The primary objective of AICTE - Margdharshan Scheme is to mentor the institutes by a well performing Institute. The Hub 'n Spoke system is to be established by an Institute of repute as a Mentor within an existing facility to serve as the hub to guide and disperse knowledge to ten technical institutions to encourage best practices. The secondary branches, the spokes, are additional services provided to faculty for self-improvement.

ABOUT THE FDP

Embracing Online Teaching and Learning Programme is committed to provide wide-array of knowledge and enhance the skills of fellow faculty in academics. This Faculty Development Programme (FDP) at NIT Trichy intends to bridge the gap in online teaching and learning skills which are mandatory in the current new normal content of education across the globe. With increased online mode of education and sparse physical classroom activities, the need for training and quick adaptation of online instructional methods remains crucial. This programme will provide a holistic knowledge on the contemporary online teaching and learning approaches and will provide the hands-on experience on various online tools available to facilitate the e-learning process. To address the contemporary challenges faced by the faculty

PROGRAMME CONTENT

The following topics will be covered in the online teaching and learning context

- Pedagogical techniques
- Outcome based education
- Large class room management
- Online Teaching and Learning Strategies
- Tools for online teaching
- Student engagement
- Assessment strategies

TARGET AUDIENCE

Programme is organized for the Faculty Members working across various domains. E-certificate will be provided to attendees of all the session

MODE OF DELIVERY AND RESOURCE PERSON

The sessions will be delivered on CISCO Webex online platform. Participants are required to have access to a desktop computer/laptop and stable internet connection to access the sessions.

The resource person for the sessions will be eminent faculty from IITs, NITs, CFTIs, Government Organizations etc.,
