Dr. S. Dharmalingam FIE, Past Chairman IEI/TLC

### COURSE OBJECTIVES:

The objective of course is to provide knowledge of the latest of art of technology in the field of Wireless/IoT/Cloud based industrial automation. Technical talk session shall be handled by the experts from Gantner Instruments India Pvt. Limited. Hands on training in subjects of Industrial IoT, PLC, DCS as well as process test rigs shall be provided.

### COURSE COVERAGE

The topics proposed to be covered are as follows:

- Introduction and recent trends in Industrial automation
- PLC/SCADA/DCS/HMI
- HART/Field bus/Profibus/Wireless protocols for Industrial Automation
- Industrial IOT for Process automation
- Cloud based architecture of Industrial Automation.
- Simulation software based training on design of classical and advanced controller design for linear/non-linear processes

### Industrial visit

Industrial visit to reputed firm and Seimens COE, NITT may be arranged during the workshop

### Course material

The course material will be provided in CD format for the benefit of participants.
