INTRODUCTION

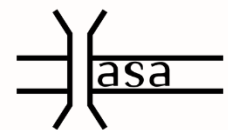

The inaugural lecture of **ArchiTalk: A Lecture and Workshop Series** was initiated by the Department of Architecture through the Association of Students of Architecture (ASA) and its faculty advisor **Prof. Amalan Kaushik**.

This event marks the beginning of a series of engagements aimed at **enriching** the **academic experience** of students and celebrating the institution's **Diamond Jubilee year**.

INITIATION

The program commenced with a gracious gesture from **Er. S. Rajendran** as he presented a beautiful water colour painting to our HOD, **Dr. K. Premkumar**. This gesture set a warm and welcoming tone for the lecture.

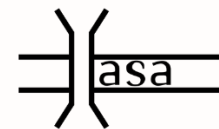

Er. S. Rajendran commenced his lecture by providing insights into his **illustrious career** spanning **three decades**, during which he has amassed a wealth of experience in the field of architecture.

He shared anecdotes and highlighted his past achievements, captivating the audience's attention from the onset.

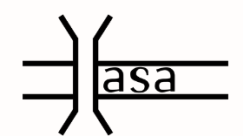

LECTURE HIGHLIGHTS

-
- Emphasis on **cost-effective techniques** in architecture, particularly in the context of small-scale projects.
 - Utilization of **locally available materials** and **traditional construction methods**.
 - **Recognition** of the expertise and contribution of **skilled workers** in the field.
 - Importance of striking a **balance** between **traditional craftsmanship** and **modern design sensibilities**.
