

NAVIYA

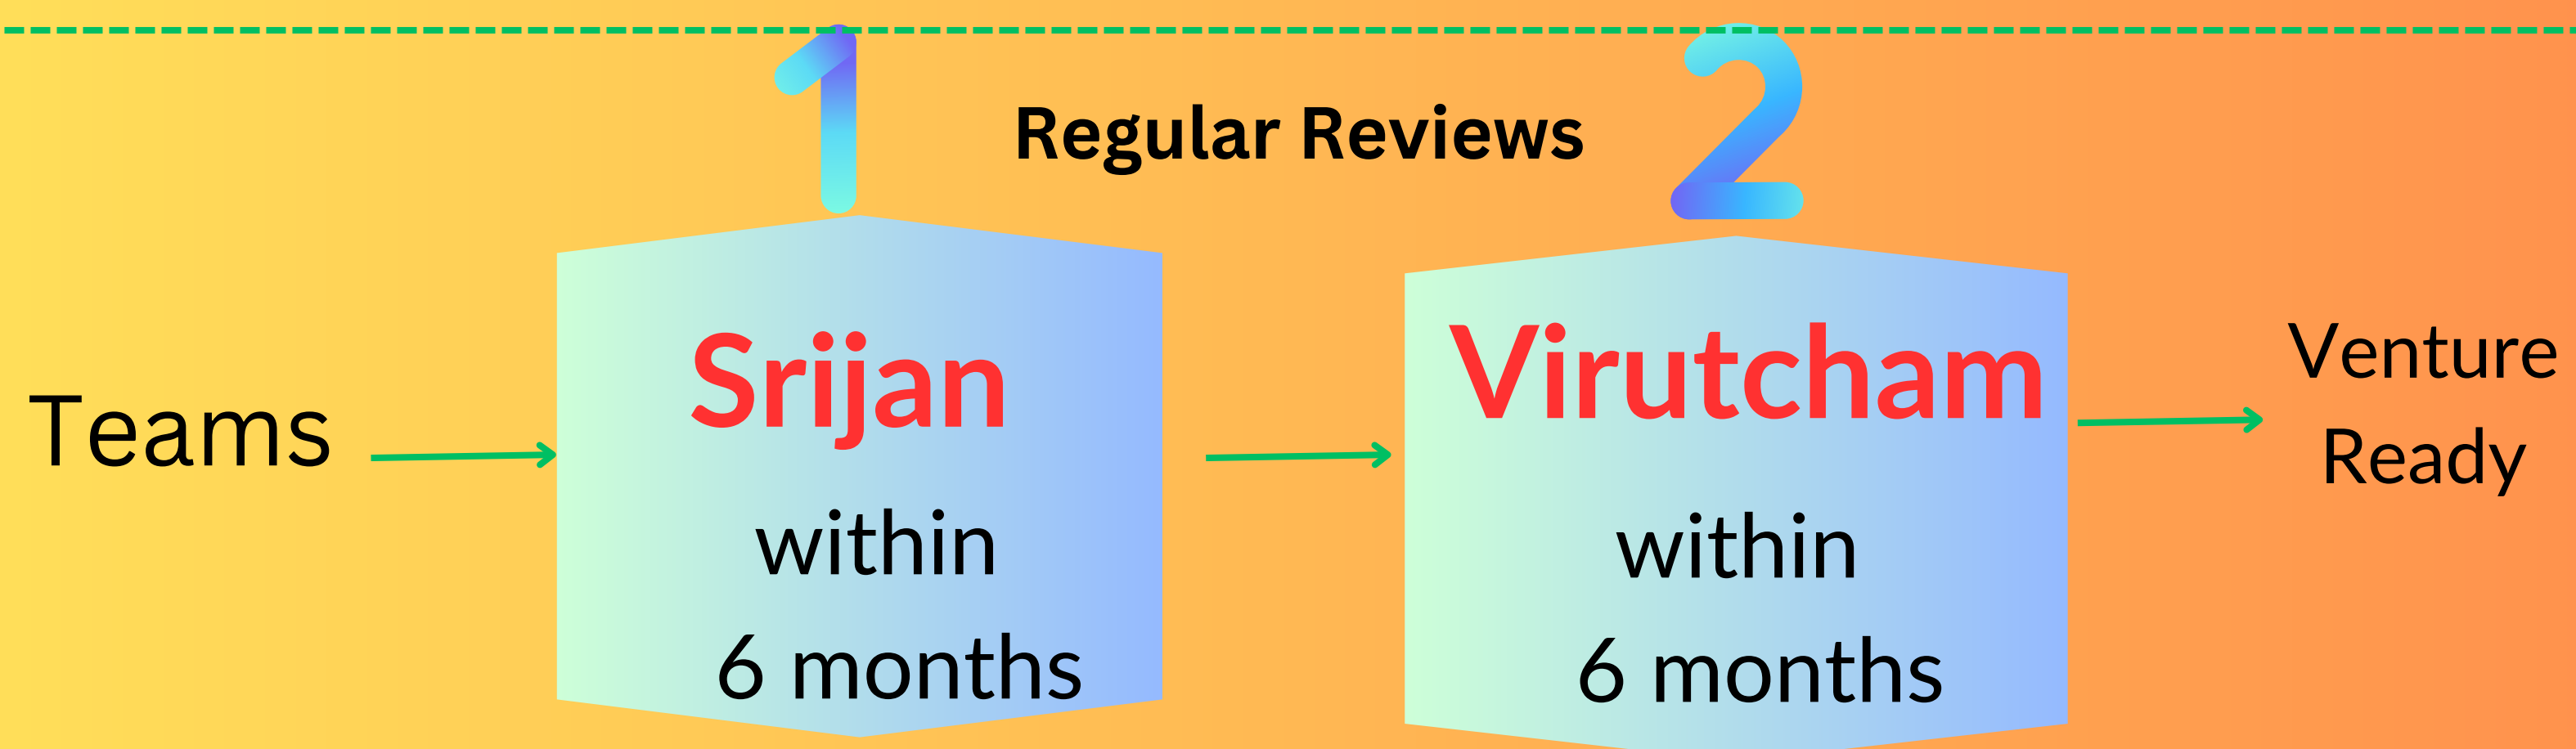

Pre-Incubation program of CEDI

Naviya is the Pre-incubation Program of Centre for Entrepreneurship Development and Incubation (CEDI) at National Institute of Technology ,Tiruchirappalli (NITT). This Program is to support students and faculties in transforming business ideas into economically viable business ventures.

Funding Support: Upto INR 2 Lakhs (Non-Refundable) will be reimbursed for the expenses incurred towards the development of the minimum viable product(MVP).

Pre-Incubation

In the first Stage, students and faculty can experiment entrepreneurship, where you will be validating your **innovative business ideas, developing your prototype and creating business model canvas.** These all will ensure to establish a solid foundation for your business.

In the second Stage, the primary objective is to transform your **initial concept** into a functional **MVP (Minimum Viable Product)** and a **successful venture creation.** This stage is crucial for refining your product and Scaling up.
