About Library

The Central Library, established in 1964, serves as the heart of academic excellence at the Institute. Its state-of-the-art hybrid library offers a vast collection of over 2.5 lakh documents, including technical books, journals, e-resources, reports, and standards. With subscriptions to 83 print journals, 13,000+ e-journals, 1,995+ e-books, and 17,690 back volumes, the library caters to diverse disciplines such as Engineering, Science, Technology, Humanities, Social Sciences, and Management. It has also developed a specialized collection for the ITEP programme. The library leverages smart technology, including RFID, for automated circulation and security. It has upgraded LIBSYS10 CLOUD LMS for library automation operations, and a modernized Digital Knowledge Centre equipped with 38 computers and AC facilities. As a member of NDLI, DELNET, and One Nation One Subscription (ONOS), it provides access to premium digital resources. To further enhance research accessibility, the library has signed an MoU with Shodhganga, enabling submission and access to Indian theses and dissertations. Its institutional membership with the DAISY Forum of India also ensures inclusive access for visually impaired users. Continuously evolving, the Central Library remains committed to fostering innovation, research, and lifelong learning.

Vision

To provide comprehensive Resources and Services in support of the Research, Teaching, and learning needs of the Institute community.

Mission

- To build collections by networking with leading Libraries for providing information and create tools to support research, teaching, and learning.
- To facilitate seamless access to robust and distinctive collections to the stakeholders.
- To ensure the preservation and long-lasting availability of library collections and resources.

Library Automation

The library functions are automated using an integrated Library Software called LIBSYS with the following main modules for the library in-house operations:

- Acquisition System
- Cataloguing System
- Circulation System
- Periodicals
- Web OPAC

RFID Technology

RFID technology of document identification and library security systems has been implemented for the library functions and services, along with the following facilities:

- RFID Tags for protecting the documents.
- RFID Reader for circulation transactions.
- RFID Antenna alarm gate.

Web Online Public Access Catalogue (OPAC)

The OPAC allows for the access of bibliographic databases of books, reports, CD-ROMs and journals available in the central library. The catalogue includes a word-based search facility using Boolean operators that can narrow down a search to meet very specific needs. Additional features of this catalogue are:

- Periodic list of recent additions to the library.
- Members can find the materials checked out to them.
- Details of the status of the books can be accessed while browsing and searching for information.

The OPAC can be accessed by using the intranet facility available through the link:
https://nittrichyopac.libsys10.in/

Document Delivery Services

Document Delivery Services are provided through DELNET and other libraries.

Digital Knowledge Centre

The Digital Knowledge Centre has been established to facilitate e-learning. It has been equipped with 38 personal computer systems, with Internet and Wi-Fi facilities.

Remote Access to E-Resources

- **INFED**

Access E-Resources from remote through INFED/Shibboleth. You have to log in with your OCTA username (Usually your roll number/ webmail username without "@nitt.edu") and password. Remember, your OCTA password is not the same as your webmail password. If you have forgotten your OCTA password, please contact the Computer Support Group (CSG) over email (csgmaint@nitt.edu)

- **MyLOFT**

The Central Library is providing remote access to all subscribed e-resources for Faculties, PDFs and PhD research scholars through the MyLOFT Application. PhD research scholars need to send a request email to librarian@nitt.edu for their account creation. After your account is created, a welcome mail reaches your institute-affiliated email ID (if not found, check the Spam folder/ MyLOFT in Junk Summary). There is an option to “Set Password” in that mail. Click on the option. It will open a new tab and will ask you to create a password.

Research Support Tools

Plagiarism Detection Software

- ### Turnitin

Turnitin is an Internet-based plagiarism detection service. You can generate a similarity report of your research article, assignment and project reports. Only Faculty members and Group A officers get an instructor account to visit the Library or send a request mail to librarian@nitt.edu. Research scholars and students may approach their respective guides to have the research scholar/ student account.

- ### Drillbit-Extreme Similarity Checking Tool

Drillbit-Extreme is globally recognised as a plagiarism detection tool. Faculty members and research scholars are using this tool for the creation of original Academic Content. To have an Ouriginal account, send an email request to librarian@nitt.edu. Before submitting any article/ research paper to Ouriginal, go through the instructions and submission guidelines carefully.

Academic Writing Tool

- ### Grammarly

Grammarly is an application tool for checking spelling and grammar for research writing. It automatically detects potential issues in the text/ document and suggests context-specific corrections for grammar, spelling, punctuation, word choice, style, and plagiarism. To get all the features, users need to sign up with their institutional email ID.

Shodhganga - Indian Electronic Theses and Dissertations Repository

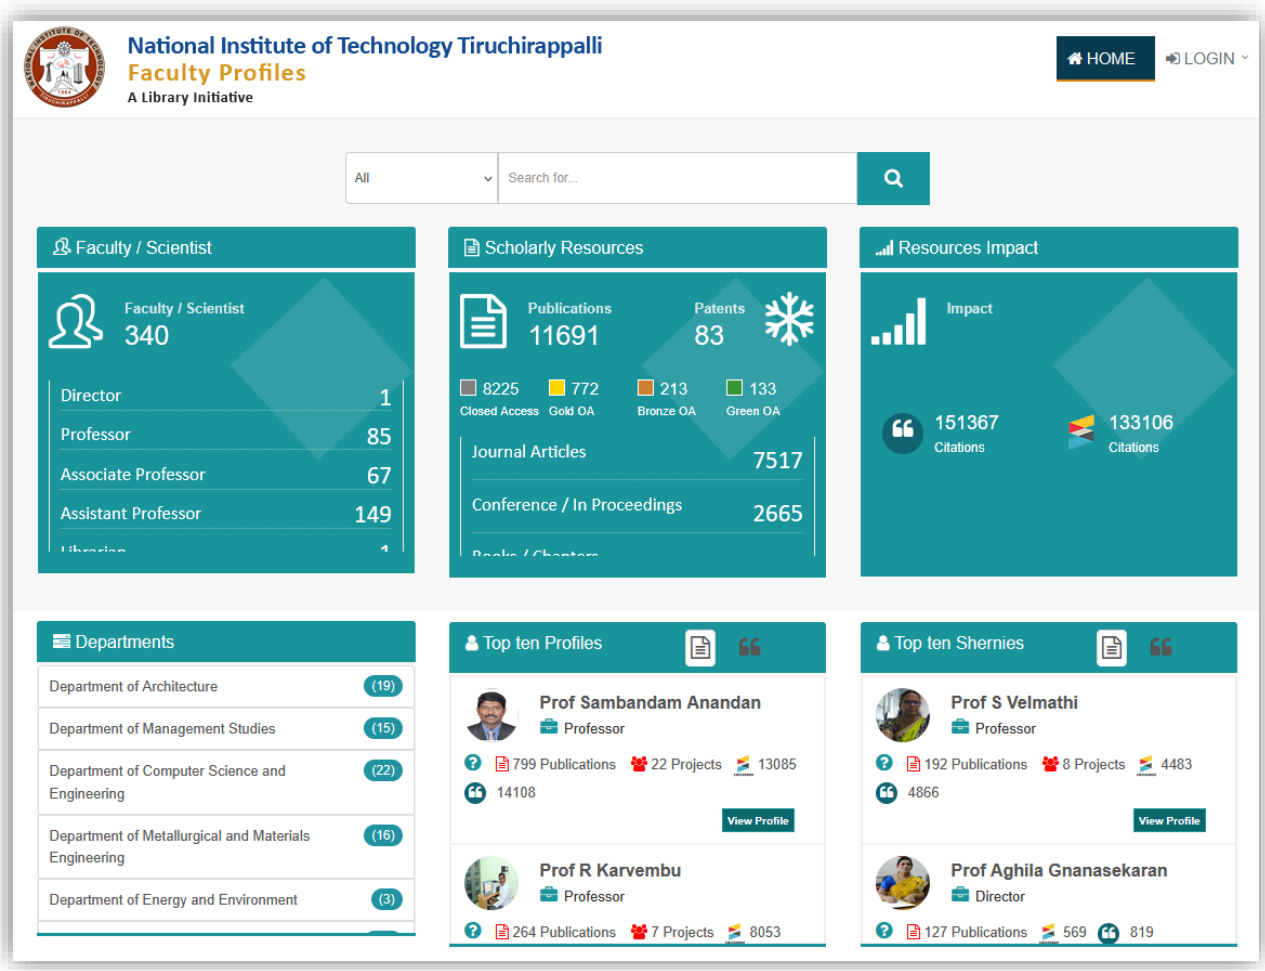

Shodhganga is the Indian national repository of electronic theses and dissertations deposited by most of the Indian universities. It is a repository of electronic versions of synopses/research proposals submitted to universities for registration in a PhD. Shodhganga stands for the reservoir of Indian intellectual output stored in a repository hosted and maintained by the Centre. It is set up using an open-source digital repository software. Currently, we have uploaded the theses of the researchers awarded in the year 2025.

Research scholars are requested to submit the forms: 10C - Form T1* - PhD Thesis Submission for Shodhganga Repository, 10D - Form T2 - Temporary Withhold of Publication (if required), and Plagiarism Verification Form.

Guidelines:
